If you have been exposed to asbestos while working in a chemical plant, refinery, or steel mill and are not being represented by an attorney, SILBER PEARLMAN, LLP may be able to help you seek compensation from those companies responsible for your injuries. Annual testing is important not only to protect an exposed individual's health, but legal rights as well.

Boilermakers	Laborers	Sand Blasters
Carpenters	Machinists	Sheetmetal
Casters	Millwrights	Workers
Electricians	Operators	Steelworkers
Helpers	Painters	Utility Men
Insulators	Pipefitters	Welders

You may be eligible to be screened if you worked in Texas in one of the above professions starting before 1971 for at least five years. Also, if you worked as a sandblaster or sandblaster helper starting before 1983 for five years or more, you may be eligible to be screened for silica exposure as well. If you have any questions or if you have any doubts of whether or not you're eligible, please call us at 1-800-874-0127. **Se habla Español.**
