meeting at expensive hotel -hyatt - why are you wasting tax dollars by meeting in an expensive hotel rather than in a government building which is free and saves tax dollars?

THE BIGGEST ASSAULT TO HEALTH AND SAFETY IN THIS INDUSTRY IS TO THE HORSES, WHICH ARE DRUGGED ROUTINELY. AND WITH ENFORCEMENT SO VERY VERY LAX, IT IS FAR TOO FREQUENT.

the damage done to the health of the horses is tremendous since this drugging is frequent. nobody checks. the budget is practically zero to check on drugging. the horses are left unattended overnight - how stupid is that?

horse racing should be stopped entirely. it is a business that does not belong since it is in fact horse abuse. the mobsters in this make it corrupt, dishonest and a threat to the citizenry of the u.s.

people are afraid to report accounts of drugging. it is a fake, disgusting industry with abuse of horses as its central focus. It is time for this agency to make sure horses stop being abused. the people dont have to work in this industry - they make a choice. but th ehorses HAVE NO CHOICE, BUT END UP ABUSED.
