

A NURSE'S ROLE IN INTEGRATED PAIN MANAGEMENT

WB4716

PROGRAM DESCRIPTION: This enduring activity is designed to educate nurses on ways they can support implementation of the 2022 CDC Clinical Practice Guideline for Prescribing Opioids for Pain and address nurses' roles in quality pain care.

OBJECTIVES:

At the conclusion of the session, the participant should be able to:

1. Describe communication strategies that enhance interactions with patients.
2. Identify a screening tool that can be used to inform pain management decisions with patients.
3. Identify a pain treatment approach that is consistent with implementation considerations included within the 2022 *CDC Clinical Practice Guideline for Prescribing Opioids for Pain*.
4. Describe the importance of interprofessional care coordination in providing patient care.

FACULTY/ CREDENTIALS:
